

Agent

```
graph LR; subgraph Agent; direction LR; P[Perceiver]; subgraph Actor; direction LR; M[Model]; Pl[Planner]; end; end
```

The diagram illustrates the internal structure of an Agent. It is represented as a light blue rounded rectangle. Inside, on the left, is a blue rounded rectangle labeled 'Perceiver'. To its right is a green rounded rectangle labeled 'Actor'. Inside the 'Actor' rectangle, there are two smaller rounded rectangles: a dark green one labeled 'Model' and a brownish-green one labeled 'Planner'.
